Adjustable Cable Stripper	1905/21533
Replacement Blade	21978

## KWIK STRIPPER™ CATV Cable Stripper

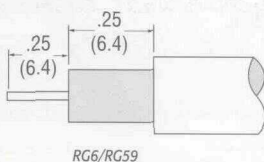

For the professional CATV cable installer. This stripper is designed for high volume and uses replaceable stripping cartridges for the most popular CATV cables.

- Pre-measured stops eliminates measuring and trimming.
- RG6/RG59 cartridge strips cable jacket to .25" (6.4 mm) and the dielectric to .25" (6.4 mm), included with tool.
- RG11/RG7 cartridge strips cable jacket to .25" (6.4 mm) and the dielectric to .25" (6.4 mm), included with tool.
- Spare cartridge holder built into tool.
- Extra large finger hole.
- No adjustments needed.
- Made in the USA.

KWIK STRIPPER™ CATV Cable Stripper	45578
Replacement Cartridge RG6 & RG59	45580
Replacement Cartridge RG11 & RG7	45581

## KWIK STRIPPER™ CATV/UTP Stripper

The most versatile stripper in the industry. Used for both unshielded twisted pair (UTP) and coaxial cabling, this tool reduces the number of tools needed without any adjustments. Simply switch the cartridges to switch from four pair UTP to RG6 or RG59.

- Pre-measured stops eliminate measuring and trimming.
- RG6/RG59 cartridge strips cable jacket to .25" (6.4 mm) and the dielectric to .25" (6.4 mm), included with tool.
- UTP cartridge strips four-pair UTP without scoring the individual conductors.
- Spare cartridge holder built into tool.
- Extra large finger hole.
- Color coded cartridges, yellow for UTP and black for coax.
- Made in the USA.
